VOL. XXX:

STANFORD, KY., TUESDAY, JULY 22, 1902, 9 A. M.

NO. 39

NEWS NOTES.

Five prisoners broke jail at Mayfield. Mrs. Daniel Day was killed by lightning in Powell county.

A company has been formed to make rubber out of Texas oil.

On account of continued rains the Detroit trams were declared off.

The Hume Cooperage Co.'s. plant at Richmond suffered a \$3,000 fire. Origin unknown.

Rufus W. Meredith, for many years secretary and treasurer of the Courier Journal, is dead.

A drought has ruined the corn and greatly damaged the cotton in 40 Mississippi counties.

Chicago capitalists are reported to have an option on the Louisville Commercial and News.

Louisville's globe trotters, John I Jacob and H. C. Smith, have been heard from in Japan.

For the third time lightning struck the tower at the entrance to Cave Hill Cemetery, Louisville.

Three people killed and two others injured by a bolt of lightning during a storm in North Carolina.

Jesus Tabler, the boy horse thief of Paducah, will probably lose a \$20,000 legacy because of his crime.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. It gains, you lose. Therefore accept no substitute for Golden Medical Discovery."

The People's Common Sense Medical Adviser, a book containing 1000 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

KINGSVILLE.

John Dye is yet very low with typhoid fever.

Engineer Frank Pearce became suffocated in the tunnel Wednesday and a "rush" was made to R. H. Physician, Dr. C. M. Thompson's, office at this place. The engineer after receiving all possible attention was soon restored to consciousness. The train was in the tunnel for quite an hour.

We are informed that our account of the Dye and Burton trouble was incorrect, but our informant "klosly" says that we are "not to blame" as we probably reported the matter as we heard it. Certainly, our version of the affair was given just as we heard it and should we make a correction some one else would probably contest its truth.

Mrs. Wright, an aged woman of this section, is very sick. Miss Laura Fox is assisting Miss Lena Grillin with her school. Mr. and Mrs. Sebastian Chevlette are still debating the question "what shall we name the baby?" or "boy?" Altogether the most popular name in this community is that of "Ed" and the presumption is that they are all named for King Edward, or the editor of the INTERIOR JOURNAL.

A Card From Mr. Pearl.

I have decided not to run a paper in opposition to the INTERIOR JOURNAL in Stanford. A man whose mind is properly balanced would be foolish to attempt to publish a newspaper in your town that would be the equal of the I. J. in any way—for democracy's sake or otherwise. A person who has been living in Stanford as long as you have and who always has his mind made up to take sides in all public matters and questions is bound to make enemies as a matter of course, but there are not enough of them to support a plant in opposition to you. Besides, I have a picole here, and why should I give up a good thing for something which I did not have any confidence in making a success.

JOHN PEARL.

THE BOSS WORM MEDICINE.

H. P. Kunipe, Druggist, Lexington, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 110 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25¢ at Penny's Drug Store.

At Livingston Will Jennings and Roy Mullins scuffled over a revolver in the Ganley Branch neighborhood. The weapon was discharged, and Mullins received a dangerous wound in the thigh.

CURES SCiATICA.

Rev. W. L. Rice, L. L. D., Cuba, New York, writes: "After 15 days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving my first relief, and the second, entire relief. I can give it unequalled recommendation. 25¢, 50¢ and \$1 at Penny's Drug Store.

Resignation and Acceptance.

To the Honorable Board of Trustees, Stanford Graded School. Gentlemen: I hereby tender my resignation as superintendent of Stanford Graded Schools, and for the following reasons:

1. My services are in demand in other fields that afford me broader opportunities, both professionally and financially.

2. We can not possibly begin school here in September as was contemplated when I was elected, but will necessarily be delayed on account of the erection of the new school building until January or February next, thus throwing me out of my profession and into some other avocation for half a school year.

3. While I regret exceedingly to part company with these good people with whom I have lived and labored so pleasantly these four years and, while I am almost unable to get my own consent to resign my post of duty at this time, even as it is, for a better position, yet I realize that we have now practically accomplished the results for which we have labored together so long and so faithfully, and for the accomplishment of which I have felt honor-bound and duty-bound to remain with you and to continue my work until success crowned our efforts, regardless of any and all inducements held out to me to go elsewhere. I would not have the board of trustees or the patrons of the school feel that I am now deserting them or the cause for which we have labored together, or that I am unwilling to make further sacrifice for the good of this district; for, really, I feel that no sacrifice in reason is too great for me to make for the 300 children whose interests I have had at heart so long; but as the school is now firmly established, I feel that I am justified in taking advantage of the better opportunities which have been opened up to me elsewhere. I would not have the board of trustees or the patrons of the school feel that I am now deserting them or the cause for which we have labored together, or that I am unwilling to make further sacrifice for the good of this district; for, really, I feel that no sacrifice in reason is too great for me to make for the 300 children whose interests I have had at heart so long; but as the school is now firmly established, I feel that I am justified in taking advantage of the better opportunities which have been opened up to me elsewhere.

R. B. BRONAUGH,
President of the Crab Orchard Fair & Racing Association, which begins tomorrow. A good man for the important position he holds.

IN NEIGHBORING COUNTIES.

The Bank of Perryville has \$102,000 deposited.

In Knox county Wheeler Baker killed a young man named Hensley.

Lewis Dall, of Moreland, has been granted a pension of \$12 per month.

L. P. Simpson was appointed postmaster at Vandyke, Anderson county.

Tom Hardin was fatally injured by a fall at the iron furnaces near Middleboro.

Nicholasville Knights of Pythias will hold an old fashioned fair Sept. 3 and 4.

Mrs. George Elliott, who was badly beaten by her husband, near Burgle, will recover.

Rev. Henry M. Shouse, of Woodford, has been elected principal of the public school at Loudon.

Joseph Tomlinson, the aged father of Hon. R. H. Tomlinson, of Lancaster, is dead in Lexington.

Read the advertisement of the Danville fair. It promises to be bigger and better than ever this year.

Abe Brown was probably fatally hurt near Livingston by falling from a structure while working for the L. & N.

Mrs. G. W. Coulter, of Danville, has discovered that a brother she mourned as dead for 25 years is alive at Lake City, Col.

Two little sons of Ben Lee, in Bell county, were drowned yesterday by a sudden rush of water down a ravine, caused by a cloudburst.

George W. White, who had been a printer for 61 years, is dead at Riehmond, aged 75. He was a half-brother of Capt. Frank J. White, who used to work in this office.

Mrs. Mary Boling, the venerable mother of George Boling, a leading merchant of Buroside, died after a brief illness. Her death was due to infirmities of old age.

No definite decision was reached at the conference at St. Louis in regard to the extension of the Southern railway to Danville. The officials of the road seem favorably disposed, but made no decisive promises. Another conference will be held later.

Louisville day at the Riehmond Elks' Fair Saturday was marred by a heavy wind and rainstorm, which wrecked several of the tents at the fair grounds. About 600 Louisville excursionists attended and paraded the streets, headed by two bands and a drum corps. Riehmond gave the visitors an enthusiastic welcome.

I remain most sincerely,
M. O. WINFREY.

Prof. M. O. Winfrey in a written communication tendered his resignation as principal. After discussion and upon motion regularly made, the resignation was accepted.

And thereupon it was moved and unanimously ordered that the following minutes be made and entered upon the minute book.

The trustees of the Stanford Graded School, in accepting the resignation of Prof. M. O. Winfrey as superintendent, desire to express the very sincere regret and unwillingness with which they do so, and to place upon record at the same time the deep sense of obligation they are under to him for the faithful, untiring and intelligent energy with which, during his four years' stay in this community, he has served and advanced the cause of education.

THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

H. H. HENNINGER

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

ROBERT HARDING

Of Danville, is a candidate for Circuit Judge, subject to the action of the Democratic party.

For Congress,

G. G. GILBERT

Of Shelby.

THE following is pretty straight talk but we know the gentleman who thus talks out in meeting well enough to feel absolutely certain that he means what he says: Those who hug the fond delusion to their little souls that the Democrat is going to be put out of business are gnawing a file. If the conspirators succeed in entirely wrecking the property, the editor intends that a democratic paper shall be run in Lexington, no matter what the cost. The only way the skulking cowards can get rid of us is to kill us and as two can play at that game, they will very likely be deterred from adopting that mode of procedure, unless by a shot in the dark or a stab in the back, as some of them are out above doing. Let it be understood, now and henceforth, that the Democrat is going to continue in one form or other and that the inevitable had just as well be accepted. A democratic newspaper is needed in Lexington and Lexington is going to have a democratic newspaper.

EDITOR ED WALTON wants to get money that Saufley will knock the per-
simmon for circuit judge. It will be remembered that Judge Saufley obstructed the grand jury immediately after his former election to investigate the boys who had violated the election laws, and some of the judge's friends were suddenly taken "very nervous." A hint to the wise is sufficient and Ed had better keep his money in his pocket. If Harding should be elected, be gone, and if Saufley is elected he gets "vestigated" — Danville News. That's neither here nor there, Bre'r Lillard. Our money says that both Judge Saufley and Sam Owsley will succeed them selves and if you've got any to lose, we are your huckleberry. We needn't let the outside world know about our het, as if fear of help indicated is all that keeps you from making a wager on your favorites we'll meet you at some secluded spot and arrange matters. So put up or shut up.

REFEREE HELM, of Louisville, decided in favor of the Lexington Herald over the Democrat in the matter of the city's printing. It will be remembered that a bill was passed at the last Legislature taking the printing of the mayor's hands in towns of Lexington's class and putting it in the city clerk's. To offset this Mayor Duncan, of Lexington, awarded the printing for this year to the Herald several months before last year's contract expired and Mr. Helm upheld the act in his decision.

THE Texas democratic convention also made itself conspicuous for the failure to mention the Kansas City platform or Mr. Bryan, who during the high tide of his popularity ungraciously refused to kiss a pretty Texas girl who tried to Hobeonize him. She opened her arms and raised her ruby lips in an effort to secure a coveted osseletary favor and he turned from her. No wonder his name does not appear in the recent democratic platform of that State.

THE Johnstown mining horror has naturally set many persons asking about the Johnstown flood, which occurred May 31, 1889. In that flood 2,142 persons perished; 124 wives were made widows and 965 children rendered orphans and half orphans. The Johnstown relief fund aggregated \$2,912,316, of which \$2,592,036 was distributed to the sufferers in the Conemaugh Valley alone, the balance going to the relief of contingent districts.

THE Eminence Constitutionalist suggests that Tracy, the Oregon outlaw, is wasting a great deal of unnecessary energy. He ought to come to the 11th Kentucky Congressional district or go to Indiana, where gentlemen of his murderous tendencies are not only protected, but furnished with character and social standing.

THE Harrodsburg Democrat's annual edition is a thing of beauty and will prove a joy forever to Mercer county people who will preserve it for years to come and show it with pride to generations to come.

NINE-YEAR-OLD BESSIE SIMPSON started a fire with coal oil at Pineville. A large crowd attended her funeral.

EX Congressmen R. B. Hawley, Texas, paid \$100 for a special train, enabling him to keep luncheon engagement with President Roosevelt. That is paying considerably for an honor that a Negro had for nothing.—Lexington Democrat.

THIS AND THAT.

W. C. Terhune of Harrodsburg, has bought 100 mule colts at prices ranging from \$40 to \$60.

Eating a gallon of ice cream caused Amos Bridgewater, of Louisville, to become violently insane.

The steamship Primus, of Hamburg, was cut in two by a tug on the river Elbe and about 50 persons were drowned.

In Breathitt county John Oaks mortally wounded Benton Blanton and killed Joseph Coltrin, an innocent bystander.

The sun's light is equal to 5,563 wax candles at one foot from the eye. It would take 300,000 full moons to equal cloudless sunshine.

A census bureau bulletin gives the total number of farms in the United States as 5,739,057, with total value of over \$20,000,000,000.

G. M. Patterson, L & N. agent at Lancaster, was arrested and was to have been tried yesterday afternoon for delivering a barrel of beer in violation of the Farris local option law.

J. C. Caldwell, Sr., sold to B. F. Sanders & Co. 150 export cattle at \$6.35. Charley Caldwell sold to the same parties at \$6.25. Shelly Tevis, of Shelby by City, has lost 50 hogs by cholera in the last two months.—Advocate.

The waters of the Mississippi continue on a rampage. It is probable that the loss to farmers in Iowa, Missouri and Illinois will reach far into the millions before the waters subside. One town-ship in Green Bay county, Iowa, is under six or seven feet of water.

POLITICAL.

John D. McLain, of Bath county, is a candidate for secretary of State.

The republican congressional committee of the Eighth district will meet in Nicholasville to-morrow.

Hon. Charles W. Nesbitt has withdrawn from the race for circuit judge, leaving Allie W. Young without opposition.

Dr. J. M. Frazer, of Mason county, has announced as a candidate for the democratic nomination for commissioner of agriculture.

Conventions were held by the democrats in the counties of the Tenth Congressional district Saturday. Congressman J. B. White leads in instructions in the counties reported. The district convention will be held at West Liberty, Thursday, 24th.

Chairman Griggs, of the democratic campaign committee, has obtained exporters' prices from five of the 200 exporting firms of the United States, showing that American wares are sold for less in European markets than at home. In many instances the article costs the consumer abroad less than half of what is asked from the domestic purchaser.

MATRIMONIAL.

The rumored engagement of Alice Roosevelt to Lt. Clark, of New York, is denied.

Near Mayking Linton Roberts, aged 24, and Miss Maudie Hunsucker, 13, were married.

At Salem, O., Frederick Morrison shot himself to death while riding in a carriage with a woman, who had refused to marry him.

Edgar H. Albright, of the Mt. Vernon Signal, and Miss Lucy Brock were married at the home of the bride's father at London yesterday. We extend congratulations to the fortunate man who has won one of the very handiest women in Kentucky.

Joseph Orkles and Miss Margaret Christiana Simms, of Washington county, arrived at the Commercial Hotel, Harrodsburg, at about daybreak. A runner was despatched to the residence of the Rev. W. M. Wood summoning him to the hotel parlors, where he united them in marriage.

A CURE FOR SUMMER COMPLAINT.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by Craig & Hocker, Druggists.

NOTICE.—It has been the aim of the Central Ky. Real Estate Exchange to secure options on that class of property where the owner is exceedingly anxious to sell or is forced to sell and thereby secure a low price on same and bold out some inducement to buyers. THE annual reunion of the Peyton family will occur at Peyton's Well next Saturday when all of the Peyton kin are expected to be present.

KILLED.—Lapsley Howell, a youth of 17, was killed at Livingston while trying to get on a moving train. The wheels divided his body lengthwise.

SOLD—Miss Carrie Porter sold to A. T. and J. R. Nunnelley her residence on Lancaster street for \$900 cash. They will tear down the old structure in the Fall and construct a handsome residence on the present site.

FOUND DEAD—Alex Vardeman, colored, was found dead at his home near Hustonville yesterday morning. It is supposed that heart disease carried him off. Vardeman was about 40 years old and had been working for Mr. T. J. Robinson.

SOLD OUT—Mr. James Frye, one of Hustonville's oldest and best merchants, sold his store lock, stock and barrel yesterday to Messrs. A. & M. Sold, of Winchester, who will conduct the business at the old stand. We are sorry to lose such a good merchant as Mr. Frye, but are glad to welcome the above gentlemen who come highly recommended to our midst. Mr. Frye is undecided as to what he will do just now, but we hope he will not conclude to leave the country.

FINE RECORD—Lincoln county is rapidly reducing its bonded indebtedness. On July 12 the fiscal court paid off \$7,000 worth of 6 per cent bonds, making a total of \$12,000 paid off in the last two years, an annual saving in interest of \$720. The court has on hand the funds with which to meet the issue of \$10,000 worth of 5 per cent bonds, which fall due in 1903. The last fund is loaned out at interest for the county's benefit. Judge Bailey, County Attorney Holm and the magistrates are certainly due much praise for the magnificent way in which they are managing the county's affairs.

DINNER ON THE GROUNDS!—The Crab Orchard Fair & Racing Association takes great pleasure in announcing to the public that it has secured the services of Mrs. S. D. Rothwell, of Dripping Springs, to prepare the dinner each day at the Fair. This assures the best and most delightful meal ever spread on such an occasion. Everything the market affords will be served. In fact she will serve a regular DRIPPING SPRINGS DINNER. The association has erected a handsome dining room, with seating capacity of 300 at one time. Mrs. Rothwell wishes to say that this will in no way interfere with the service of Dripping Springs, but it will be open for the accommodation of all and under her management during and after the Fair the same as heretofore.

THERE is hardly a person in this entire section, we suppose, who does not know that the Crab Orchard fair begins tomorrow, but perhaps there are a few who do not know what vast preparations have been made for that event. A magnificent amphitheatre 200 feet long has been built at a big outlay of money, a kite-shaped track, costing nearly \$1,000, has been gotten in the very peak of condition, a splendid program of show rings and races has been arranged for each day, good music has been provided, and last but by no means least ample room and the fat of the land has been prepared for all who come. Can you miss all of this? Certainly not; but you'll go the first day and keep on going until the meeting closes. It is a county enterprise—patronize it and at the same time spend a few days pleasantly at a small cost.

CUTTING—George Baldock was brought here from Hustonville yesterday afternoon and placed in jail, charged with cutting Zao Hughes, also colored. The trouble came up over a debt. The wound is in Hughes' face and is an ugly one.

COLORED FAIR.—The Lincoln and Garrard County Fair Association is the name of the colored fair that will be held in the pretty woodland belonging to Mrs. Nora Murphy Goodnight on Aug. 28, 29 and 30. William Jones is president, W. H. Harris, secretary, and J. M. Broadbent, assistant secretary.

KILLED.—Lapsley Howell, a youth of 17, was killed at Livingston while trying to get on a moving train. The wheels divided his body lengthwise.

GONE AFTER HIM—Sheriff M. S. Baughman received a telegram Saturday evening stating that Chas. Stringer, indicted for attempting to rob the Lincoln County National Bank, was under arrest at Boise, Idaho, and that he would be held there until further orders. Mr. Baughman left at noon Sunday for him. It will take about 10 days to make the round-trip.

COLLIER—The wife of Gen. Dan Collier died suddenly at Lancaster Sunday night, aged about 55. She was a daughter of Col. Hoskins, formerly of Boyle county, and was a most estimable and lovable woman. Besides the husband, who is almost prostrated with grief, three children are left to mourn the loss of an angel mother. They are Mesdames R. L. Elkin and J. E. Robinson and Mr. Will Collier.

APPLICATION has been made to the proper authority at Washington to extend the charter of the National Bank of Hustonville for 20 years longer, as the present one expires by limitation in March next. Mr. J. W. Hocker, the present cashier, has stood at his desk during all these years and watched and waited until now he has an institution of some magnitude, and one too which has had its share of success.—Dr. Ed Alcorn is Advocate.

SKULL CRUSHED.—While coming to Stanford Sunday night on a railroad velocipede, James Moore, Dr. Green and a Mr. McDonald, all of Junction City, were overtaken by the midnight passenger train near Haigden Fork bridge and knocked off the track. The back of Moore's head was crushed and he was otherwise hurt. Dr. Hugh Field, of this place, was summoned and found Mr. Moore in a critical condition but thinks he will recover. Green and McDonald escaped injury.

GIVES UP THE GHOST—Nobody seems to be able to head off the Waltons at Stanford. Several attempts have been made to run a paper in successful competition with the INTERIOR JOURNAL, but all have resulted in failure. The latest competitor to give up the ghost is the Lincoln Democrat. It was sold at public auction by the master commissioner to E. C. Walton, proprietor of the INTERIOR JOURNAL, for \$1,012.50. The sale was to satisfy a judgment in favor of the wife of T. M. Goodnight, a late partner in the publication of the paper.—Louisville Times.

THE attention of our readers is called to the advertisement of the two splendid farms to be sold at auction by George S. Shelby next Thursday, July 24, at 2:30 P. M. Both places will be sold on the smaller farm, known as Beech Point, near the Knob Lick bridge, two miles South of Shelby City, on the Hustonville pike. Prospective buyers are invited to look at both places when they desire and take dinner with me at the Tribble House, Junction City, on the day of sale. I will also sell at the same time 100 acres of growing corn and rent 100 acres of good grass for remainder of year. T. D. English will be auctioneer. The Beech Point farm contains 198 acres, known as the Jas. McCarley farm, on Lancaster and Crab Orchard pike, near the postoffice of Sweeney. The land, which is in a good state of cultivation, is mostly in grass. Is well watered with two wells, springs and ponds. The residence was damaged to some extent by the recent cyclone, but is otherwise in good condition and good repair; with nice self two and half story house, all brick to roof and drive, one 2 and the other 3 years old; 42 good sheep; 2 extra good milch cows and calf, and a lot of farming implements, including a new two-burner mowing machine and rakes; new cutting harrow.
